

The Cars meeting was called to order by Tim, WD8PMD, at 7 PM. Introductions were taken and 18 members were present:

KD8HIW, N8JFH, K8SRE, KA8VLN, K8EXF, WB8ICN, KC8IJZ, KD8DRV, KD8DRT, KD8AAD, KZ6ZZ, KI4VO, N8CDK, KA8VMJ, KC8CLY, KD8IXP, KB8ZVH, and WD8PMD.

Treasurer's report, \$7341.35

**Old Business:**

A letter presented to the Napoleon township board inviting them to receive and have installed a two-meter radio, has been received and the township has accepted the offer.

The Napoleon township has requested that CARS members monitor their sirens. This will be held on the first Saturday of next month.

Tim had revised bylaws tonight and gave a copy to the Secretary to retain.

**New Business:**

For ease in bookkeeping for the treasurer, club dues will be due on July 1. Dues will still be for \$20 and members can pay early if they wish, which will extend their membership.

Marshall Hamfest was last weekend and had a good turnout. Some hams met for breakfast beforehand.

Tim reminded members to check in on the Thursday night and Sunday night Public service net.

Bernie Riggs reported, that Tom Bliss passed away a couple of months ago and his wife Helen, also a ham, has her husband's ham gear up for sale.

The Friday Night Breakfast Club: Cherry's is now smoke free. Steve's Ranch also is available on the same night with a twenty-four hour breakfast menu and they have a meeting room available for club members.

District One's D star repeater system for Jackson County called and said they would give the Club the repeater. Tim is looking for a place to store it. Tim talked to Jim, W0JIM, and he has offered to store the repeater for the club in a secure facility. The county will not supply internet connection to amateur radio.

Tim suggested The Health Department building would be a good place to have the repeater, Tim will see if we can have a DSL line donated.

50/50 drawing was held and won by Bob Howard.

Meeting paused and refreshments were served.

Tonight's meeting, Mike, K8EXF, brought supplies for building an RF probe. Interested members were able to build one. Mike will do the presentation for next month, a TT2 transmitter.

Meeting ended at approximately 9:00 P.M.

Respectfully Submitted,

Rosemary Gunsett, KI4VO  
Secretary
